“ I established Belvedere Mead as I want to give organisations in the London market access to senior claims management resource as and when they need it without increasing headcount or fixed costs ”

Elaine Mason

Interim Management Solutions for the insurance and reinsurance claims community

SOX, Solvency II, ECF2, Lloyd's of London strategic plan for 2011, Claims Transformation Programme, Financial Services Authority Arrow visits - the market is moving ahead with pace.

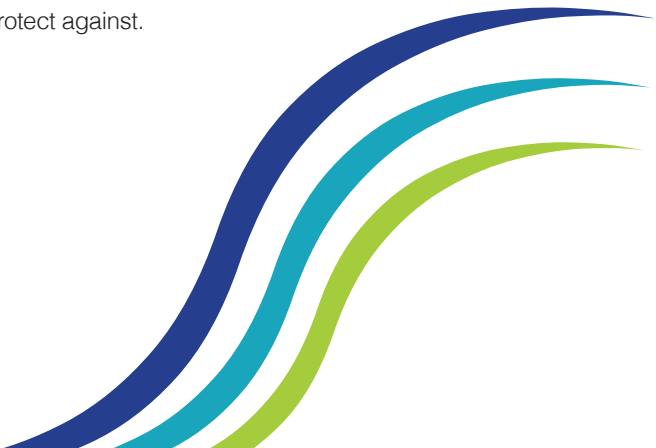

Is the London Market being proactive in recognising the risks facing claims functions?
Have you recognised the risks?

What contingency do you have in place to cope with the unexpected?

Belvedere Mead provides high level temporary support to allow insurers and reinsurers to manage the ebbs and flows of claims management.

We aim to minimise the risks of resource strain.

These risks can arise from a number of unforeseen events, which our services are designed to protect against.

The key benefits we provide are listed below but full details are available on our website or by contacting us.

- **Transitional Claims Management**

To cover resource strain caused by staff turnover or other unexpected event

- **Start Up Ventures**

Helping new business get their claims function operating at optimal efficiency

- **Additional short term claims management**

Professional flexible resource to assist with that claim in major litigation or other demands

- **Mentoring and coaching**

- **Claims Business Analyst for IT projects**

- **Mediation and arbitration services**

- **Control environment and Risk assessment**

And a range of other claims services.

Further details can be found at www.belvederemead.com or if you wish to have a confidential discussion about the benefits Elaine and Belvedere Mead can bring to your organisation then please contact her directly on **07817 423706** or elaine@belvederemead.com

Elaine Mason has over 32 years of experience in the Insurance markets dealing with claims.

Her experience covers a wide range of classes, both direct and reinsurance.

A highly proficient technical professional she is as passionate about ensuring the claims process is operating at optimal efficiency as she is about resolving claims at the right time and for the right cost.
