Change is constant –
 expected or unexpected!

Interim Management Solutions for the insurance and reinsurance claims community

Catastrophic personal injury claims are a tragedy for all concerned. These and other large personal injury claims can also create uncertainty for an insurer. It is crucial that cases are proactively managed to a final conclusion.

What contingency do you have in place to cope with the unexpected?

Belvedere Mead provides high level temporary support to allow insurers and reinsurers to manage the ebbs and flows of claims management.

We aim to minimise the risks of resource strain.

These risks can arise from a number of unforeseen events, which our services are designed to protect against.

The key benefits we provide are listed below, however further details are available on our website or by contacting us.

- **Claims portfolio handling**
- **Negotiation and settlement services**
- **Resource strain or holiday cover**
- **Representation at Conferences with Counsel or JSM's**

Whether from cradle to grave handling or stepping in to facilitate settlement discussions and maintain direction.

- **Peer reviews**
- **Case clinics**
- **Case Management and strategic review**
- **Mentoring and coaching**

Offering expertise on multiple levels to your claims team, reinforcing strong handling and progressive tactical direction, producing key results such as reduced lifecycles, favourable settlements and resultant costs benefits.

- **Individual file analysis**
- **Reserve review and verification**
- **Audit/file reviews**

In depth review or high level analysis, we can bespoke our service to meet your specific requirements.
